NOTABLE PROJECTS

Naval Air Station North Island Coronado - NASNI Bravo Pier, NASNI B250-1497 in 2018 - NAICS 236210

We completed approx. 10,000 sq. ft. of structural foundations that included extensive site concrete and asphalt, drainage, asphalt paving, and site improvements. We self-performed 3 diverse projects for Silverstrand Construction meeting stringent deadlines in 2018.

Citywide Street Improvements, Victorville, CA 2018 - NAICS 237310

V.C.I. has been the city's primary concrete construction contractor supplying the city with ADA compliant ramps, constructing roadways, streets and public sidewalks. VCI completed over \$6 million in construction throughout the city. "I recommend VCI as a reliable concrete contractor with expertise in their field," - Elizabeth Becerra, City of Victorville, PW Sup.

Hospitals, Rehabilitation Facilities in Crestwood, Camarillo, Santa Rosa 2018 - NAICS 236210, 237310

V.C.I. has worked in hospital facilities throughout LA, San Diego, and numerous locations up North completing construction renovations, ADA compliances, site work, parking lots, driveways, and tenet improvements, completing approx. \$2 million in projects. "The materials and services that Victor Concrete has provided are high quality and their work is performed with attention to detail and accuracy. [We intend] to continue our collaboration and working relationship with Victor Concrete on future projects and cherish our mutually established partnership," - Stephen Adams, President, Pacific Sundance Construction.

Citywide Sidewalk Repairs, Monterey, CA 2016-2017 - NAICS 236210, 237310

V.C.I. completed approx. \$900,000 worth of construction throughout the streets of Monterey, curb, sidewalk, ADA compliant ramps, porous rubber installation, masonry, and refurbishing old roadwork. As a contractor we completed with all deadlines and maintained a zero injury on these projects each time. In addition to the city work we were also able to proudly provide the city of Monterey with beautifications and tent improvements to: Monterey Sports Center and Monterey Bay Aquarium. Lori Lynn Williamson, P.E. City of Monterey Public Works - Engineering.

White Water Slope Project, City of Rancho Mirage, CA 2016 - NAICS 237990

On this project we took pride in providing concrete construction of a concrete slope pouring approx. 200,000 sq. ft. of concrete meeting all safety and schedule requirements for J.H.C. in March of 2016. "Victor Concrete Inc. Construction Company executed with diligence and excellence that more construction companies should operate like," - Jeremy Harris (President) J.H.C.

Firestation, Bakersfield, CA 2016 - NAICS 236210

V.C.I. completed the breezway at Bakersfield fire station by replacing trench drains, installing machinery, drains, sewer system drainage, 8" reinforced concrete, and installation of tool cabinets. We took great pride in providing these great men and women continued beautifications to their home. "The finished breezway is a project that both the Bakersfield Fire Department and Victor Concrete can be proud of and I would encourage them to bid on future Bakersfield Fire Department projects," - Ross E. Kelly, Deputy Chief.

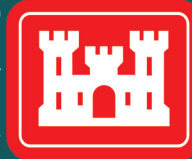

Newport City Wide Improvements 2018 - NAICS 237310

V.C.I. self-performed and completed approx. \$1.2 million worth of public sidewalk, ADA compliance regulations, and adjustments of electrical services throughout the city of Newport meeting all deadlines and safety standards with no complications. This was a city wide project funded and in compliance under the state CDBG equaling approx. 100,000 sq. ft. of concrete.

Army Corps of Engineers

Ocean View Channel Rehabilitation 2018 - NAICS 236210, 237110

In the city of Huntington Beach, V.C.I. will construct approx. 100,000 sq. ft. of a concrete channel meeting all safety qualifications and timelines teaming along side Silverstrand Construction for the Army Corps of Engineers in 2018, Kieth Adamek - Vice President, Darlen Morgan - Project Manager.

City of Murrieta, City Hall 2008 - NAICS 236210, 237990

V.C.I. completed a scope of work consisting of reinforced concrete, concrete paving, cast-in place tilt up walls, architectural concrete, and concrete floor sealer for the Murrieta City Hall completing this on time, in the sum of \$957,799 for Jaynes Corporation in 2008 with comments stating, "Good attention to detail and quality of their work was very good" - Rick Marquardt, CEO JAYNES CORPORATION.

Disneyland Resort of Orange County, Anaheim, CA 2014-2015 NAICS 236210, 237310

Completing over 100,000 sq. ft., V.C.I. improved locations for the highways. This included maintenance of ADA compliant ramps, sidewalk improvements and numerous decorative pieces of constructed crafted concrete, all while insuring safety of the public and our employees. City of Anaheim, Jodi Rios.
